FOURTH PARTY PLAN COLLAPSES

Parley P. Christensen Will Tour Country From Coast to Coast

HEATED DISCUSSION

World-War Veterans Will Hold Convention Within Three Weeks and Form Real New Organization

Chicago, July 16.—Parley P. Christensen, nominee of the Farmer-Labor party for President, will make a campaign tour of the country from coast to coast and from border to border, he announced yesterday.

Mr. Christensen told the Committee of Forty-eight that, although he had favored Senator La Follettee as a candidate, now that the Farmer-Labor party had drafted him he would be faithful to the workingmen who nominated him.

After an all day session yesterday, devoted to heated discussion of its position following the formation of the Farmer-Labor party and the nomination of a national ticket, the Committee of Forty-eight determined last night not to form a fourth party.

Although many of the Forty-eighters were disappointed and chagrined over the outcome of the amalgamated convention in its failure to nominate Robert M. La Follette, the Committee of Forty-eight, after repeated threats of an open breach with the Farmer-Labor party, finally passed a resolution to continue its organization and suggesting that its activities be confined to Congressonal, legislative and judicial campaign, with a provision for calling of a national convention shoud the national executive committee deem it advisable.

Early in the day Christensen, an original Forty-eighter, appealed to the Forty-eighters to stand by him

Victim of Heart Disease While at Bedford Springs Pennsylvania

SERVED AS SOLDIER

Deceased Was Rector of Christ Church Alexandria, From 1867 to 1875, Wher He Had Many Friends

The Rev. Dr. Randolph Harrison McKim, for 32 years rector of the Church of the Epiphany, Washington, died suddenly yesterday morning at Bedford Springs, Pa., where he had gone on July 6 for his vacation.

He was stricken with apoplexy while playing golf yesterday afternoon on the Bedford Springs Golf Club's course, and died within a few minutes.

Dr. McKim had been in failing health for some time and about six weeks ago was confined to his bed in his Washington home. Great anxiety was felt for him at that time, but he rallied somewhat and was taken out of town in the hope that the change of air might do him good.

Dr. McKim, whose career has embraced activities as a solder in his younger days, had just rounded out his seventy-eighth year.

Dr. McKim was born in Baltimore, Maryland, April 16, 1842, the son of John S. McKim and Catherine L. Harrison. He attended the University of Virginia from which he received the legree of "Bachelor of Arts" in 1861. FIND STILL IN BLAST

Cops Nab Amateur Chemist in His Underground Laboratory

Newport News, Va., July 16.—One of the most cunningly hidden and cleverly constructed stills that it has ever been the fortune of the local police to encounter was captured by detectives.

W. H. Whiteback, a white man employed in the shipyard on the night shift was arrested charged with operating the still, which was in full blast as the officers entered, and remained hot in the police station for the better part of an hour.

More than sixty gallons of corn mash and half a gallon of corn liquor was taken. The still was cleverly hidden in the rear of the house in a small concrete basement, the only entrance being by means of a small trap door under the porch. The still itself was made up of milk cans, with copper coils concealed inside of large fire extinguishers, with an outlet running out of the house and into the sewer, thus doing away with the smell of the liquor. Whiteback will be given a hearing before Justice Robinson.

BOOTLEGGER SLAIN

Four Dry Agents Shoot Whisky Runner in Night Battle

Danville, Va., July 16.—Posey Thomas, known through lower Virginia as the "king of the moonshiners," was shot and killed near Leatherwood Creek Wednesday night during a raiding expedition conducted by J. N. Wood and R. H. Drummond, Federal revenue officers, and J. H. Pugh and R. H. Wilmarth, members of the Franklin County police.

Thomas, it is alleged by the officers, was driving a car loaded with "bootleg" whisky through the woods near the creek when the revenue agents halted him and ordered him to throw up his hands Thomas stopped the car, leaped out and tumbled down a steep bank in the direction of the water, from where he opened fire on the four officers, according to their story.

The four agents then returned his fire, seven shots being discharged. They received no answering shots and after investigation, being unable to find Thomas, returned to his car and drove it into Danville, where they located a cache containing sixty gallons of liquor belonging to the alleged whisky runner.

Thomas' body was found in a cornfield yesterday by a searching party. No action will be taken by the authorities until after the inquest, which is to be held tomorrow.

Refrigerators---Not A Luxury---A Necessity

In these days, when a threatened ice shortage is looked upon as a direct menace to every home in the community, it hardly seems possible that the refrigeration of food in household has come into common use within the memory of living men. But it is true.

Ice for refrigeration, now considered a necessity of life, was a luxury for ages. Wealthy Romans cooled their favorite wines, and the peacocks' tongues and other sumptuous dishes of their repasts, in mountain snow, brought to their tables at lavish cost.

In the Orient and the Mediterranean countries, now as in ancient times, large earthen jars are buried in the ground at night, or wrapped with wet cloths, to lower the temperature of their contents.

The use of ice for refrigeration has reached the highest stage of perfection in this country during the past few years and no home can well afford to be without the efficient services of a refrigerator.

We are showing three makes of refrigerators, each guaranteed to give absolute satisfaction in every respect and we ask you to inspect these three—

DR. McKIM PAYS DEBT OF NATURE

The sudden death of Rev. Dr. Randolph H. McKim, during the past 32 years rector of the Church of the Epiphany, Washington, has brought forth expressions of regret not only from those with whom he was intimately acquainted but from many who knew him only by reputation.

The deceased was rector of historic Christ Church, Alexandria, from 1867 to 1875, and during those years he became acquainted with most of that generation. But few are now in the land of the living who were his cotemporaries in the days following the close of the civil war when labored in the interest of the church he so faithfully represented.

In September, 1870, when the Good Shepperd closed the eyes of Robert E. Lee, the pastors of the Alexandria churches paid fitting tributes to the memory of the deceased. Dr. McKim delivered an appropriate address in Christ Church from text, "The chariot of Israel and the horsemen thereof." It was masterly in its conception and was listened to with close attention. The sermon was subsequently printed in pamphlet form, and was read by thousands who were unable to be present in the church upon the occasion of its delivery.

Dr. McKim was the auther of a number of books which have for years been read with interest not only by those affiliated with the Episcopal Church, but by members of all denominations.

One of the Washington papers truthfully says he had manners as well as morale, personal distinction as well as official dignity and authority, religious faith as well as apologetic art and knowledge of church history. With a gallant record as a Confederate soldier, he was none the less an ardent lover of the Union. During the many years that intervened between the Confederacy's defeat and the day that Germany invaded Belgium he was a patriot. Then he became a flaming one. His type of manhood and clerical leadership is not being reproduced today as lavishly as many persons would wish. He knew what he believed, why he believed, and what he thought he should do so believing."

Another cotemporary well says: "He served God and man most faithfully throughout a long life. His patriotism was ardent and direct. He was proud of being an American, and his sermons during the war were bugle calls to duty. He had been a soldier himself, on the side of the South, and so he knew the thrill of battle. His eloquence was not artificial, but was the natural expression of an intense, loyal, fighting Christian."

THE NEGLECTED WEAKER VESSEL

Much of the time of the Police Court is consumed in disposing of cases where young husbands fail to fulfill obligations they readily take upon themselves when they stand before ministers of the gospel and take unto themselves innocent and unsuspecting brides. The bridegroom is prepared to promise every thing in order to get possession of the young woman who is ready to clasp his hand before the representatives of God and man, but, unfortunately, in many cases the benedict tires of his helpmate, neglects her and shatters all the golden dreams of the confiding young woman, who, like all persons at the portals of manhood and womanhod, asume that only joy awaits young couples in their journey through life.

Many cases are brought before the court where young husbands are charged with delinquenecy in supporting their wives. Attempts are always made to reconcile the couples, and this is accomplished in most cases, but others are difficult of solution except by the strong arm of the law. This last resort generally brings delinquents to terms, as the prospect of spending a long period in jail instead of with the partners of their lives causes the accused to prefer the latter.

A young husband, who refused to take care of his wife and five little ones was sent to jail recently. He was not long in invoking the clemency of the court, and was paroled upon furnishing security that he would provide for those dependent upon him in future.

The court considered an aggravated case this morning. A young man had recently been charged with marrying a young woman last February and casting her off in April. He had furnished bond that he would pay her a stipulated sum of money weekly, but had defaulted He was given until seven o'clock tonight to make arrangements for meeting his obligation. Should he fail to do so a jail sentence of 12 months awaits him.

Other delinquents might take warning from the above.

WICKEDNESS ABOUNDS

The frequency of peculiarly horrible crimes in various sections of the country such as the Wanderer murders in Chicago, and the slaughter of almost a whole family, including a baby, by a Georgia farmer, the multiplicity of murders of a second degree in moral atrocity, the increase in robberies and organized violence inspired by the lust for other men's goods, the growth of divorce suits, the indications of a waning sense of the obligations of an old-fashioned morality, the revolt against all forms of discipline and authority—these are practically daily features, suggests a cotemporary, of a period in which the grotesque and the abnormal oppress and appall the mind like the incredible horrors of some terrifying nightmare.

"What is happening may be explained, perhaps, as the result of a moral epidemic. Physical plagues sweep over the world from time to time, which medical science cannot always trace to their source, nor at once control. Sometimes they seem to run their course and disappear of themselves. Precautions, sanitation, medical aid may mitigate their effects, but they do not exclude them or prevent their ravages. Something of the sort may be true of the outbreak of moral contagion. Like the wind, it seems to blow where it listeth and we cannot tell whence it comes nor whither it goes. We know, however, it represents an acutely diseased state of the human constitution, and that after a while there will be a return to more normal conditions."

church, becoming rector of Christ Church, Alexandria, where he served from 1867 to 1875. He was then assigned to the Holy Trinity Church, New York, where he was rector for eleven years. After relinquishing his rectorship there Dr. McKim went to New Orleans for two years. In December, 1888, he became the rector of the Church of the Epiphany in Washington, where he remained.

Dr. McKim was known as the "greatest presbyter of the Episcopal Church in America.' Of the old-fashioned low school of the church he fought against ritualism in the Episcopal Church and was firm for what he called Prayer Book Churchmanship.

In the last years of his life Dr. McKim became deeply interested in the subject of national preparedness and advocated a larger navy and the system of universal service training. He frequently officiated as the chaplain of the Navy League meetings and was one of its honorary vice presidents.

Tire Mileage Must Be *Built In* at the Factory

There's not a single mile more to be gotten from a tire than is *built into it at the factory.* Only high-grade rubber and high-grade fabric intelligently used *build in* the miles for you to get *out.*

SUCH a tire is the Star. Star Tires are helping many of our customers cut down tire costs—and giving them more riding comfort besides.

STAR FEATURES OF SUPERIORITY

20% stronger by reason of the extra ply of fabric—in all sizes.

Extra quantities of high-grade materials used throughout—not an ounce of reclaimed or substitute rubber anywhere.

Protected against rut cutting and curb chafing by thick side strips.

Sidewalls stronger; breaker strip wider; cushion thicker than in the average fabric tire.

Tread, too, is thicker, tougher and longer wearing. One Star is proof.

Tread and carcass are inseparably united by binder strip of special rubber. And the five angled skid resistance of the "all star" tread is an extra feature of safety.

We stand behind Star Tires with our personal guarantee. We have unlimited confidence in them.

So will you after you've used one. And—it's never too soon to begin using Star Tires.

RED STAR TUBES—Made of the finest pure rubber. Cured with antimony. Extra heavy—extra durable.

BODY FOUND IN STREAM

Herndon, Va., July 16.—C. K. Hollister was found dead yesterday in a small stream near his home in Fairfax. He was over 80 years of age and was in feeble health. He went for a walk unattended.

When search was made for him he was found face downward in the stream. He had accidentally fallen in and was too weak to rise or to summon assistance.

ARREST EXTRACT MAKERS

Thousands of bottles bearing flavoring extract labels were seized yesterday by an Internal Revenue raid at 808 Tenth street northwest, Washington.

Stonewall Jackson Yeatman, said to be part owner of the plant, was arrested. He said he had been talking recently to Prohibition Commissioner Kramer, to whom he had declared that "We have not been manufacturing these extracts as beverages. It has been a paying proposition, but we are not responsible for what becomes of our product after we make and sell at wholesale."

The sale of "Razo," a product of the plant, as a beverage, say the authorities, has far exceeded its sale as an extract.

The warrant on which Yeatman was arrested named a woman as Yeatman's partner and called for her arrest.

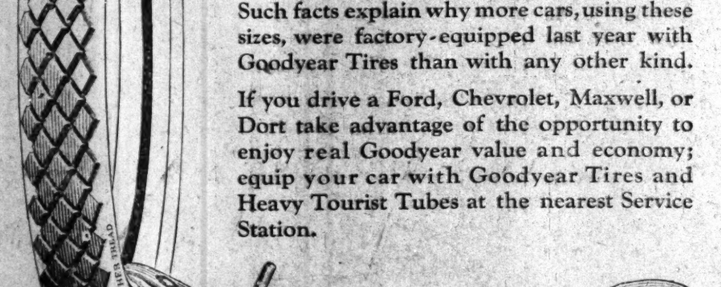
Ride on Goodyear Tires in That Sturdy Small Car of Yours



It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3-, 30x3½- and 31x4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread... $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag*..... $4.50

A big-scale road test on 3,200 tubes

How Firestone puts the miles in — and then proves it—not at YOUR expense.

No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly —improvements and developments are arrived at.

By close watching of a large number of tubes in service—not confined to isolated instances, the conclusions are accurate and definite.

Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis.

And then subjects the finished product to this big-scale road test—in order to get you more for your tube money and more miles out of your tires. And yet Firestone Tubes cost no more than the ordinary kind.

Daughter of Ex-President and Former Bryn Mawr Head, Weds

Murray Bay, P. Q., July 16.—Miss Helen Taft, acting president of Bryn Mawr College and only daughter of Mr. and Mrs. William Howard Taft, was married yesterday morning to Frederick Johnson Manning, son of Mr. and Mrs. Frederick J. Manning, of Braintree, Mass. Mr. Manning is instructor in history at Yale University, and was a first lieutenant in field artillery in the world war.

American and Canadian society folk attended the ceremony in the picturesque Union Church at Pointaupic.

The church was a mass of flowers The altar was covered with white peonies flanked by young larches. The chancel was decorated with boughs of white pine and wreaths of the same covered the pillars of the aisles. The ends of the pews were decorated with foliage of solomon seal and larkspur, loose strife and valerian.

BANDIT CAPTURED

Terror of Shenadoah County to be Returned From Ohio for Trial

Woodstock, Va., July 16.—Mike Neff, leader of the Helltown gang of outlaws that terrorized the quiet old county of Shenandoah in 1917 and 1918, has been captured in Wood county, Ohio.

Sheriff Ernest E. Sine and deputies, after securing requisition papers in Richmond, will bring the prisoner to Woodstock for trial.

Paul Neff, another of the gang, was recaptured after twice having broken prison, and was "returned to the Virginia penitentiary.

July 19, three years ago, Sheriff Stoner attempted to arrest Mike Neff, who had been convicted of petty larceny. A gang of five men—said to have included Mike, Paul and Dave Neff and "Boots" Fry—attacked the sheriff, who returned to Helltown, the home of the outlaws in the mountains of Shenandoah County. A battle was waged there for many hours.

The Neffs escaped, and Paul and Dave were arrested some months later in a street fight in Ottawa, Ohio, Mike again escaping. They were brought to Woodstock, tried, and sentenced to the penitentiary, While awaiting a new trial they escaped.

A man was shot from ambush near the village of Helltown; a barn was burned; cattle were killed, and various burglaries were committed for which they were blamed.

Paul and Dave were surprised and captured in a "dugout" on the side of the mountain, where they were well equipped with rifles and had concealed a vast amount of property alleged to have been stolen. They were sent to the Virginia penitentiary, from which Paul later escaped.

While in jail in Woodstock the Neffs were identified as members of a party of robbers who entered the Kitzmiller (Md.) Bank during the day, held up the officers and escaped with a large amount of money in an automobile.

FOURTH PARTY PLAN PLAN COLLAPSES

(Continued from Page One)

and his address had great influence in checking the demand of hundreds of Forty-eighters for immdiate formation of a fourth party, with Senator La Follette as the candidate for President. Another effort, instigated by Dean Robert M. Lovett, of the University of Chicago, to adopt a platform with a single plank on "independence and restoration of civil liberties," proved fruitless, the convention refusing to instruct its committee on procedure to recommend such a plank.

Toward the close of the confused session of the committee E. Lester Barlow, president of the World War Veterans, one of the participating groups in the amalgamated convention, leaped to the platform and announced that his organization would meet in Chicago within three weeks and form another party.

"You can all come with us then and we will form a real new party," Barlow declared.

"La Follette for President and William Jennings Bryan for Vice-President" was a suggestion repeatedly made to the committee by delegates bent on nominating a fourth national ticket, but the leaders of the Forty-eighters managed to steer the party away from an open break with the Farmer-Labor ticket.

The Secret of Beauty

Why Some Women Look Old and Others Look Young

The old-fashioned way of doing housework makes women old before their time. Especially bending over a miserable tub and scrubbing clothes all day. Red, unsightly hands, backaches and rheumatism are sure to come from the old-time wash tub.

And it isn't necessary. You can do your washing quicker, easier and more economically in the easy Clean Easy way. Soak your clothes overnight, shave ½ bar of Clean Easy Naptholeine Wash Soap into 4½ gallons of water. Let the soap dissolve. Boil the clothes in this for 10 minutes, stirring with a stick. Rinse, blue and dry.

The washing is done—for only a few cents! Every garment is sterilized, clean and purified. There is no easier or simpler way to wash clothes.

Clean Easy does not hurt the fabric. You don't have to rub to get the dirt out. This wonderful wash soap goes right after all unclean particles and dissolves them without assistance.

Clean Easy also cleans the coarsest clothes—overalls, shirts, etc., without rubbing. It takes out grease spots. Follow directions on the inside of the wrapper.

Clean Easy may be used in hot or cold, hard or soft water. It is always on the job and always does the best job. No home should ever be without it. No woman who has ever seen it work will ever be without it. Try it today. Just notice how different Clean Easy looks from other soaps—and how differently it works, too! At your grocer's.

GIRLS' NARROW ESCAPE

Fire Guts Paper Box Plant Just After Employes Leave

The building occupied by the Columbia Specialty Paper Box Company at 31-61 Hanover street northwest, Washington, was gutted by fire of undiscovered origin shortly after 6 o'clock last night. Fire Marshal Watson estimated the loss at $42,000.

Less than half an hour before the fire was discovered thirty girl employes and several men left the building.

It is thought the blaze was caused by someone dropping a lighted cigar or cigarette.

The fire was discovered a little after 6 o'clockk by James M. Lewis who lives on the opposite side of Hanover street. Lewis battered in the door of the stable on the first floor, dragged several of the pape company's wagons to the street and with the help of friends led about two dozen horses to safety.

Damage to the buildines, which was owned by J. Edward Chapman wood and coal dealer, is estimated at $20,000. The remainder of the damage was to groceries stored in the first floor by John C. Letts wholesale grocer, 52 O street northwest.

SAY "DIAMOND DYES"

GIRLS! MAKE A LEMON BLEACH

Lemons Whiten and Double Beauty of the Skin

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White which can be had at any drug store, shake well and you have a quarter pint of harmless and delightful lemon bleach for few cents.

Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty of your skin.

Famous stage beauties use lemon juice to bleach and bring that soft, clear, rosy-white complexion. Lemons have always been used as a freckle, sunburn and tan remover. Make this up and try it.

YOU NEVER CAN TAME A WILD CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodsons Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless pleasant and safe to give to children they like it.

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich fadeless color into worn, shabby garments, draperies, coverings, whether wool, silk, linen, cotton or mixed goods.

Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggist has color card.

SHATTERS NECKLACE

Diamonds in Heirloom of Mr. and Mrs. Gurnee Munn Smashed in Transit

Philadelphia, July 16.—Mystery surrounds the shattering of a $100,000 necklace by a bullet fired into the package in which it was received at the Radnor home of the Gurnee Munns.

Who fired the bullet, when it was fired and the reason for the vandalism are a puzzle to the police of this city and New York, who are making an investigation.

The damage to the necklace is estimated at between $3,000 and five thousand dollars. Several of the largest stones of the necklace, a family heirloom in the Munn family, were broken to small pieces.

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, **don't** cut down the amount of lighting again **—shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room from cellar to garret—use only

EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
